AERIAL VIEW OF NEW INTERSTATE 80

Above is an aerial view of the new freeway about mile and a half west of Donner Lake with torturous route of old U.S. 40 in the foreground. Looking north, photo shows new four-lane freeway lanes relocated up two milese from existing highway with opposing lanes on separate roadbeds. Dramatic I-80 construction project over the Sierra was named civil engineering achievement of the year 1962 by the American Society of Civil Engineers. The Marysville District 3 headquarters, California Division of Highways, has the responsibility for the Sacramento-Nevada portion of I-80.

First Superhighway Over Sierra Nevada To Be Completed at Cost of $106 Million

Two lanes have given way to four over the summit of the Sierra in terrain so difficult it took five years to build just ten miles across the precipitous granite cliffs.

The reconstruction of Interstate 80 (old U.S. 40) in the high mountain area of California is about finished thus providing the first superhighway over the Sierra Nevada range.

In the last 45 days two freeway projects covering 11½ miles west of the summit have been completed and motorists are now using four lanes between Sacramento and Soda Springs.

A third project 10½ miles across the summit is being rushed to completion by the contractor and when done will forge the last link in the four-laning of an historic mountain highway between Sacramento and the Nevada state line, a distance of 115 miles.

Cost of converting the two-lane highway to four lanes over this distance totals $106,000,000.

The excavation, providing level surfaces for two separate roadbeds, was a monumental undertaking. On the 22 miles just finished, 8.7 million cubic yards of rock and dirt were dynamited and hauled. If transferred to a railroad, the excavated material would fill 64,000 box cars to form a train 500 miles long.

The three projects completing the final 22 miles of four-laning cost $35,760,000, required 282,000 barrel of base materials and 679,000 square yards of concrete.

The new freeway peaks 100 feet higher as it crests over the Sierra Nevada range one and a half miles north of the old Donner Summit road.

This new alignment affords more shellter from high winds in the Sierra which have been clocked at 90 miles an hour and which, on the old highway, caused serious snowdrift problems.

The old roadway from Donner Lake to the summit climbed the eastern slope of the mountain pass in a series of switchbacks on the twisting, tortuous alignment. It was this steep grade, up to 10 per cent in places, that took its toll in human life and stalled vehicles. The new freeway provides a steady, easy ascent from lake level to the crests with uphill grade no greater than 5 per cent. Four lanes wide, it has a third lane on each uphill side for slow-moving vehicles.

The old road was scenic. The new freeway is also scenic. At the summit two safety-rest areas afford a view of 9,100-foot Castle Peak to the north. There are observation areas for east and west bound traffic at the west end of Donner Lake and an observation point about 21 miles further west at Emigrant Gap providing a sweeping view of Bear Valley and Lake Spaulding.

Dual lane roadways, designed to avoid cutting a single wide ledge, are nearly 1,000 feet apart in some

Death Of Elliott Is Called Suicide As Details Revealed

Apparently despondent over financial difficulties and ill health, John Henry Elliott, 49, well known Truckee resident Monday afternoon at 1:45 took his own life, investigators said, by shooting himself through the neck with a .12 gauge shotgun.

The shooting took place in the small house Elliott occupied on Church street. He was alone and the body was discovered by his wife, Emma Flynn Elliott, who called shortly after neighbors heard the blast of the shotgun. Mrs. Elliott ran to the California Cafe to inform James Richie and sheriff's deputies were notified.

Elliott had removed his shoe and sock, using a toe to trigger the blast after placing the muzzle of the weapon under his chin, Deputy Sheriff Preston Patnoude, who investigated, said.

The deceased was a native of Loomis, South Dakota, born June 9, 1915. He had lived in Truckee for approximately 12 years, employed in various capacities. He is survived by his wife, a son, Byron J. Elliott of Lignite, North Dakota, a daughter, Sharon Wilson of Tennessee, his father, H. C. Elliott of Mitchell, South Dakota and a sister, Mrs. Helen Steichen of Sacramento.

Funeral services will be held at the Truckee Colonial Mortuary, Saturday at 1 p.m. Burial will be in the Sierra Mountain cemetery.

The new truck comes equipped with a 300-gallon tank, hose lines and other modern facilities. It is designed for speed and will be used principally to fight smaller fires or to keep fires small until the bigger equipment arrives.

It will be housed at the main fire station in Truckee, Commissioner N. F. Dolley explained, but can reach any part of the district with dispatch. The truck and equipment cost less than $6,000.

A similar truck, from the same firm, but with first aid equipment, will be delivered to the Donner Lake Department later this week.

"The fact that Soda Springs has been chosen for a new post office, reflects credit on our growing contribution to the economy and life of the nation."

"When the first post office was established in Soda Springs in 1926 it was in the lower bracket of the fourth class division. The revenue for the Soda Springs post office at this writing is $3,107.85 per year."

The first post office was incorporated in the old Soda Springs Hotel and its first postmaster was Mrs. Bertha Jones who retired in 1943. She was suceeded by Arthur Couillard who retired in 1962.

"To honor our first postmaster," Postmaster Perkins added "we have requested that a member of Mrs. Jones' family preside over the dedication. Our retired postmaster, Arthur Couillard, will raise the flag at the dedication.

"We have chosen the date of November 1 to coincide with the date of the Interstate 80 dedication to make this truly a memorable day," Perkins said.

Many Issues Will Be Decided With Tuesday Election

When the voters of this region go to the polls next Tuesday they will have several choices to make in two separate elections. In the general election, there are five officers, presidential, congressional and legislative to be voted upon.

There are also 17 important measures submitted to the voters.

Then in the second election, two directors from a field of five candidates, will be chosen for the Tahoe Forest Hospital District.

Where possible, polls for the two elections have been established in the same location, although this was impossible in most cases since there will be only four consolidated polling places for the hospital balloting with more required for the general national election.

Aside from the presidential choice between Goldwater and Johnson, voters will decide between Pierre Salinger and George Murphy for United States Senator. Harold T. Johnson and Chester C. Merriam are contesting for the former's position as member of congress.

Senator Paul J. Lunardi of Roseville and Margarette Brown Meggs of Grass Valley will oppose each other in the race for the former's post. Eugene Chappie of El Dorado County, and Howard Smith of Auburn are fighting it out to fill the state assembly seat vacated when Lunardi was elected to the senate, leaving the office vacant.

The various propositions fill much of the ballot and each is rather important, demanding some study by the voters.

In the hospital district election, the five candidates are Raymond Hintz, Schuyler Miles, Dr. Gardiner Pier, Sherman Reams and William Vail. Neither of the two incumbents, Ted Barrett nor James Sherritt are seeking reelection.

Polls in both elections will be open from 7 a. m. to 7 p. m.

Wolverines Meet Lincoln Saturday

Their efforts to gamble with passing attacks and attempts to hold the ball on fourth downs Friday night contributed to the Tahoe Truckee Wolverines loss in a Pioneer League football game to Colusa 26 to 0.

In the preliminary game, the Colusa JV's won by a 41 to 6 score.

The varsity at one time carried the ball to the six-inch line, only to lose it on downs. In other unfortunate plays, Colusa intercepted a pass and carried the ball to score and again the Wolverines lost the ball on the 40-yard line on downs and Colusa took over to score.

This Saturday Lincoln comes here for two games, the JV at noon and the varsity contest at 2 p. m.

Coach Guy Wilson has four of his first string boys out with injuries. John Besio suffered a broken finger in practice, Randy Russell will have a knee in a cast for at least four weeks, Jim Roth has a broken wrist and Pat Payton is out with a broken hand.

DONNER RESIDENT, 75, SUCCUMBS TO ILLNESS

Emery Donaldson Horsky, 79, a summer resident at Donner Lake for the past five years, expired here last Thursday following a brief illness. Funeral services were held at his home in Conoga Park Tuesday. The Truckee Colonial Mortuary was in charge of local arrangements.

Horsky, a prominent painter and artist, was born in Helena, Montana, May 16, 1885.

He is survived by his wife, Theodora of Conoga Park; a son Duanne of Donner Lake; a brother, Antone of Helena, Montana, and a sister, Mary Monger of Santa Ana.

FIRE-ETTES TO NAME OFFICERS AT MEET

The Truckee Fire-Ettes will hold their regular monthly dinner meeting on Thursday, November 5 at 7 p. m. at Smart's.

The business for the meeting will involve the nomination of officers for 1965. There will be entertainment by a folk singing group.

President Connie Kammerer asks that all members be present for the important nomination of new officers.

Going back to standard time makes the days real short, it's dark at 5 o'clock now.

A great time was had by all who attended the lively Harvest Moon Ball at the Capitol last Saturday night. We're all looking forward to the dedication of the new freeway over Donner Summit Sunday, November 1, and for its completion soon. Many bay area Sacramento and Nevada papers have had excellent articles and pictures of the new route and its history. Wonder if any of the survivors of the ill fated Donner Party ever visioned such a speedy crossing of arduous route.

We do know this, however, that more and more travelers will be coming through our area and looking down on tree studded Donner Lake. Now quiet resort in the Sierra Nevada mountains.

THE DAWN OF A NEW CENTURY
OCTOBER 31, 1964

This is the day which marks the end of Nevada's first century and the start of her second 100 years. It is a day to pause and wonder what those hardy pioneers would have thought of a 2,000 mile-an-hour luxury air liner . . . what the muddy discoverers of the great Comstock Lode would have thought of a metallurgy which literally creates new metals!

Now we have hints of things to come . . . of great supplies of water . . . desalted from the ocean and pumped over the mountains by nuclear power . . . of great projects made possible by the energy of desert sun-light . . . or new sources of food and medicines . . . new arts and crafts and forms of culture and education.

This is the day to look ahead to our next 100 years!

The Art Kaye Comeraries will return to the Nevada Lodge at Crystal Bay Tuesday, November 3, replacing the Esquire Trio in the Topaz Room. The Kaye group is no stranger to this area and their return will be greeted with pleasure.

Return to Lodge

CRYSTAL BAY — Returning Tuesday, November 3, to the Topaz Room of the Nevada Lodge, North Tahoe's' largest year 'round resort hotel casino is the Art Kaye Comedaries.

The Kaye aggregation's superb musicianship and their zany slapstick comedy skits combine to make the trio's fun-packed entertainment package. Long recognized as one of the great old-timers, Kaye has grown up with show business from the Keith-Orpheum vaudeville circuit to the Las Vegas-Reno-Tahoe swing. No new style, no new dance craze or comedy gimmick can phase this trio of entertainment pros.

Rating high on their request list is the Kaye interpretation of Jimmy Durante; a masterful imitation that had "The Schnozz" himself rolling in the aisle during a recent show.

Closing in the Topaz Room on November 1 is the Esquires Trio.

Don and Dorothy Beck of Tahoe Vista have returned from a wonderful week's vacation. They enplaned to Las Vegas, Tucson, thence to Guaymas, Mexico, on the west shore where they went deep sea fishing. A glorious sailfish was captured and photographed but left in Mexico, due to difficulty in having it properly prepared for shipping. Back to Palm Springs and Los Angeles for a visit with relatives before returning to home and business.

Dorothy's mother, Queenie Roy of Los Angeles came up to keep the Beck children, Donna, Craig and Greg, company while their parents were away.

Our deepest sympathy tto Monica Meyers on the death of her husband, Charles, in San Rafael on October 22, of a heart condition. The Meyers were the former owners of the Holiday Gift House at Tahoe Vista which they recently sold due to his conidtion.

Perhaps many will remember Whip Wilson better than Charles Meyers as this was the name he made famous in movies, on the stage as a singing star and on TV. His tricks with a whip gave him his stage name and many locals will remember his performance last December as master of ceremonies at the Sno Ball which was held at the Nevada Lodge.

The family has requested no flowers but memorial contributions may be sent to the Kerak Temple in Reno for the Shriners' Crippled Children's Hospital.

TO THE VOTERS OF THE TAHOE FOREST HOSPITAL DISTRICT

After reading the opinions expressed by the Citizen's Committee for Public Hospital Improvement, I would like to make clear some important points to the voters of the Hospital District.

The first is that many of the hospitals throughout the country have an active staff doctor on the Board of Directors, whether or not they are District Hospitals. The reason is obvious. The proper and efficient administration of a hospital requires considerable technical medical knowledge which the average director lacks. The presence of a doctor on the Board promotes efficiency, economy, and provides good liason between the medical staff, who work in the hospital, and the Board, who are responsible for its proper administration.

Secondly, it is obvious that since control of the Board remains in the hands of the voters, an "all-doctor board" is an impossibility.

Finally, the voters might well ask, why does this committee, which purports to seek hospital improvement, but which vigorously fought against the Hospital Bond Issue last year, now seek to elect two of its signatories to the Board of Directors?

These settlements are now in effect in most states—but not in California because of a conflicting "horse and buggy days" law which Proposition 17 repeals.

VOTE NO!–ON PROPOSITION 14
Please Consider These Facts

1. The Rumford Fair Housing Act is a moderate, workable piece of legislation.
Every possible legal right of all individuals is written into the law. Any complaint must state sufficient facts to indicate that a prohibited act may have occurred. And all proceedings under the Fair Housing Act are reviewable in all respects by the courts. The Rumford Act does not cover owner-occupied privately financed single family homes or duplexes.
2. If Proposition 14 passes, California would be the only state in the United States giving legal sanction to discrimination.
Not even Mississippi or Alabama have such a provision in their Constitution.
3. California's existing Fair Housing Act does NOT take rights from some people and give them to other people. But it DOES limit certain UNFAIR PRIVILEGES as distinct from rights.
No rights are absolute in a just and orderly society. All laws (i.e. traffic laws, etc.) limit our right to do as we please for the protection of others with equal rights in society.
4. California's existing Fair Housing legislation is a major step in removing the equal opportunity problem from the streets and placing it where it rightfully belongs—in a duly authorized government agency empowered by law to act in this field. In the last analysis this existing legislation WORKS FOR and IS RESPONSIBLE TO, ALL the people of California.

As Pascal said in the 17th century, "Men must fortify justice, or they will justify force."

OPEN LETTER TO THE PEOPLE OF TAHOE FOREST HOSPITAL DISTRICT

With the expansion program of our hospital and the growing work load in the existing facility, it is important that we have a governing board comprised of sound-thinking men who are sincere in their efforts to maintain our hospital, always in the best interests of the patients, the people of the district and the doctors who practice in the district.

There seems to me to be paucity of this type of effort in the present board and unless we are cautious in the selection of new members during the election on Tuesday, there is little hope of improvement of this condition.

It is my opinion that only with the election of William Vail and Dr. Gardiner Pier may we expect this much needed improvement.

The room tax has been mentioned before but in case the law has not been clear to readers, we quote:

"Provision Relating to Imposing a Hotel Room Tax by Cities and Counties. Chapter 3. Taxation. 51-030. Limitations. The Legislative body of any city or county may levy a tax on the privilege of occupying a room or rooms in a hotel, inn, tourist home or house, motel or other lodging, unless such occupancy is for any period of more than thirty days. Such tax when levied by the legislative body of a county shall apply only to the unincorporated areas of the county," September 20, 1963.

Two groups sponsored the room tax written by the League of California Cities and sent to all cities, the League of California Cities and the Association of Supervisors. 45 cities in California have a room tax and since this many cities have a room tax it is unlikely that the state can supercede a city and levy another tax. In cities now having a room tax, the Federal and State employees are exempt.

138 motels of the Tahoe area have petitioned against the tax. A committee is being formed, namely "Placer County No Room Tax Committee" with John Bulmer and Wendall Russell as co-chairmen. Assisting on the committee are Steve Stevenson, Bill Elliott, Earl Gray, Al Burghardt, Tom James, Bill Bates and Jim Leuscher. It is the intention of the committee to contact every business in the area to join the committee and donate $5 for the work to be done. Fortunately for the North Lake Tahoe area.

Incidentally, it is reportedly 98 per cent of the motels in Placer County contributing to any room tax which would be imposed are from the Lake area. No provision has been made for the disbursement or control of this money of which a small return would be realized by the Lake motels.

We will stand correction if we are proved incorrect in any of these statements.

The Wendall Russells of Tahoe City attended the California Motel Association Convention in Disneyland this last week. At the conclusion of the convention, the Russells departed for a two weeks trip to Tahiti for rest, relaxation and sight seeing. The excursion was open only to those who attended the convention or members of the motel association. Bon voyage!

Betty Baxter of Kings Beach is membership chairman of the TPA drive and advises that there is a contest between classes and a prize for the class with the highest percentage of parents joining the TPA. In order for a class to get 100 per cent, both parents must join. (How about when there is only one parent?)

A table will be set up at the Hallowe'en Carnival in case you wish to join at that time.

Don't forget the school Carnival which will be Friday night October 30th at the school.

Funds For Needed Halloween Project

Members of the Junior Fellowship Youth Group at the United Church of Christ will engage in a constructive program for Hallowe'en instead of the usual pranks.

On Hallowe'en night these sixth, seventh and eighth graders will collect pennies, nickels and dimes for the United Nations Children's Fund.

The United Nations Children's Fund operates throughout the world in underdeveloped countries in programs designed to improve the health of children. One penny will provide five glasses of milk; a nickel can buy enough penicillin to cure a case of yaws; and a dime can buy the vaccine to protect ten children from tuberculosis.

This operation started in 1950 with a contribution of $17.00 by a small group of children. Last year 3 million youngsters in 13,000 communities collected over $2 million for UNICEF.

UNICEF Trick or Treaters in Truckee will make their calls between the hours of 5 and 9 p. m. on Hallowe'en night. They can be identified by an official UNICEF carton and special badges. The donation containers will be turned in by 9 p. m. to the Truckee chairman, Mrs. Robert Sutton. A party for the youngsters at the Sutton home will complete the Hallowe'en celebration.

BOARD MEETING

The regular meeting of the Truckee Tahoe Airport District board of directors has been postponed from November 3 to November 19 and will be held at 7:30 p. m. in the office of the Truckee Public Utility District.

DOG PERISHES WHEN LAKE HOME BURNED

KINGS BEACH—A two story residence on the Brockway shortcut near Kings Beach, rented by Richard Shwartz, was gutted by fire last Wednesday with a loss estimated at $10,000.

Assistant Fire Chief Curtis Hart said the fire apparently started from a floor furnace and spread under the house until it broke through in a bedroom, then swept upward in a stairway, causing considerable damage.

A shepherd dog was suffocated and the body found on the drainboard in the kitchen where it had tried to get out a window. A Siamese cat escaped by leaping from an upstairs window.

Hart said the building was completely involved when the department reached the scene.

LUNARDI INTRODUCED SNO TIRE LEGISLATION

Legislation making possible the use of snow tires instead of skid chains on mountain roads adjoining Nevada, where snow tires are legal, was introduced into two bills authored by Paul J. Lunardi in the 1961 sesson when he was a member of the state assembly.

Corrective legislation was introduced by Lunardi after he was elected state senator during the 1963 session. He emphasized that the action was taken to assist Californians residing in an area close to Nevada to avoid confusion between chains and snow tires on interstate highways.

Abigail Adams was the only First Lady to be both the wife and the mother of a president of the United States.

TAHOE CITY—Placer County sheriff's deputies at Lake Tahoe this week investigated the theft of nine shotguns, said to be collectors items, from the Carnelian Bay summer residence of Edward A. Williams of San Rafael. The guns, which were stolen from a locked cabinet, were said to be worth $5,000.

places and in sections of this dividing strip groves of pine trees have been left in their natural state.

One hundred years ago the first regular traffic, stage coaches and freight wagons, travelled a toll road which became the foundation for old Highway 40. The eastbound lanes of the new freeway at Emigrant Gap are built on its foundation.

Traces of the old road are still visible between Crystal Lake and Cisco.

Now after 20 years of planning and 17 years of road-building, a four-lane freeway over the rough escarpment of the Sierra is a reality.
